Madison, WI 53707-7854

Greetings,

I propose that two new area codes be created now. State Sen. Sheila Harsdorf is saying that another area code may have to be created for western Wisconsin within the next nineteen years. Why not do it now? Why wait nineteen years and disrupt phone customers a second time within a few years? Plan ahead now.

I propose dividing the 715 area code with lines north and south. These lines should divide the present 715 area code, based on the present population and the projected growth, to create three areas of equal population. The 715 area code should remain in the eastern section of Wisconsin.
